

NOT A RACER, BUT STILL A CHAMPION

What's the difference between a CRF250R and a CRF250F? The first one is designed for serious racers, while the CRF250F is the perfect choice for just about everyone else. Built for trail riding and off-road fun, it offers the features that make Honda your best choice. First, its legendary reliability. Next, its refined ergonomics, that means you'll have a blast riding all day long. Fuel injection means no clogged carburetor jets after a winter off, and air cooling keeps things simple. And finally, since it's styled like our championship-winning CRF-R models, you'll feel like a factory pro even if you're just out having fun. Sized right for most adults, this is probably one of our most-loved bikes in our off-road fun lineup.

CRF/FS ARE INTENDED FOR OFF-ROAD OPERATION ONLY. PARENTS NEED TO CONSIDER A RIDER'S AGE, SIZE, ABILITY AND MATURITY BEFORE ALLOWING THEM TO RIDE. ALWAYS WEAR A HELMET, EYE PROTECTION AND PROTECTIVE CLOTHING, AND PLEASE RESPECT THE ENVIRONMENT. OBEY THE LAW AND READ THE OWNER'S MANUAL THOROUGHLY. Always stay on established trails in approved riding areas. Showa® is a registered trademark of Showa Mfg., Inc. One Year Included Unlimited-mileage limited warranty
Optional Extended Extended coverage available with a HondaCare Protection Plan®

FEATURES & BENEFITS

SINGLE-CYLINDER ENGINE

A single is the perfect choice for a bike like the CRF250F. It's light, simple, fuel-efficient, and fuel injection helps it deliver plenty of smooth power and torque — ideal for a wide range of rider experience.

STRONG, LIGHT TWIN-SPAR FRAME

The CRF250F gets a tubular-steel twin-spar frame that's both light and tough.

ELECTRIC STARTER

Turn the key, push the button, and let's go riding! Electric starting is a big help in all weather conditions, or if you need to restart out on the trail. A proven Honda system that makes riding just that much more fun.

COMFORTABLE SEAT POSITION

With a long, motocross-style seat, you can move forward and back, left and right with ease, helping you navigate challenging terrain in comfort.
